**Plundered
Europe**
**Little People Suffering
Endless Hardships**

David M. Nichol, Chicago Daily News foreign correspondent, has just returned to North America after 18 months of news gathering in central Europe with information about the number one Axis power. He will tell the down-to-reality story of tortured and revolution-rife Europe in a series of articles, the first of which is presented to readers of the Bulletin here.—EDITOR

The Edmonton Bulletin

Europe is caught today in the grip of the most efficient plunder machine the world has ever evolved.

The process is applied impartially, to enemy and ally alike, but the result is precisely the same and its object solely the support of Nazi Germany's effort to bring the entire globe under its domination. It has made Europe a continent of loot and slavery.

In detail it is an undramatic account, the story of little people suffering endless hardships, of hunger and disease, of ceaseless migrations and broken families, of stoves without fuel and homes without light, of Italians David M. Nichol without spaghetti and Swiss without cheese, of living reduced to the lowest subsistence level.

Means Decline Of Every Standard

In its totality it means the decline of every standard, the exhaustion of every resource that continental Europe has

EXCLUSIVE
built over decades. It means the ultimate defeat of Hitler if Allied armies are sufficiently strong to block him from new sources of supply and to build a mighty dam behind which their own productive capacity can bring its full weight to bear.

I watched this destructive whirlpool for sixteen months in the heart of its expanding orbit while it engulfed one after another of Europe's countries. During that period the technique of looting was brought to incredible perfection. No looting plague has ever done a more thorough job.

Two channels serve to siphon off whatever there is of value in the continent. One is the German government and its agencies. The second is the German soldier and tourist.

ENEMY POINTS HIT

**Muenster Under
Blast By R.A.F.**

LONDON, Jan. 23.—(CP)—Royal Air Force bombers carried out a concentrated attack on Muenster last night, the air minister announced today.

Enemy airfields in the Netherlands and docks at Danzig were also bombed, while mines were laid in enemy waters, the announcement added.

The communiqué also reported attacks by British fighters on air bases in northern France and a patrol aircraft attack off the Friesian Islands in which a supply vessel was hit.

Re-Elected
Prime Minister King, Cardin Are Supporting
Conscription Plebiscite

By GRANT DEXTER

Edmonton Bulletin Ottawa Bureau

OTTAWA, Jan. 23.—While the present prospects are that there will be boaters from both extremes of the Liberal party over the conscription plebiscite, the party caucus Thursday afternoon was surprisingly united. Two speeches from the government, the first by Prime Minister King, followed by Hon. P. J. A. Cardin, answered for the bulk of the Liberal members.

Mr. King made it clear he will publicly support conscription.

Mr. Cardin is conceded to have made the speech of the day. He supported the policy without any equivocation. The government, he said, must have the power to conscript for overseas service. Nobody could see ahead. He proposed to campaign for the plebiscite in Quebec. He would ask his people to vote to give the government free power to conscript for overseas service.

It is true that one or two members

walked out of the caucus. J. F. Pouliot, Liberal member for Temiscouata, walked out early in the proceedings and may be taken as being opposed to the policy. One or two of the Liberals from the English-speaking provinces, either did not attend or got out very early in the proceedings.

Officer Gets Troops Are Landed In New Guinea
Hunch: Sub's Career Ends

Copyright, 1942, by British

United Press and The Edmonton Bulletin

A British naval officer had a hunch—no another of Hitler's U-boats like in Davy Jones' locker—and the British officer is five years older.

The officer, captain of a destroyer, was on a big Catalina flying boat that had been ordered to find a convoy. The fog was so thick that the fliers gave up the search.

That's where the naval officer's wisdom in the ways of the sea came in. Said he: "I'll bet I was a U-boat commander if I was on the surface today." The fliers ignored him.

So he continued: "I'll bet five shillings that below in the fog is a U-boat." The pilot took the bet and dropped the plane close to the water. Sure it moved, directly ahead of him. That submarine. But not a long-British bomb took care of it.

One of the most authoritative sources in the capital made this plain. Late March or early April is the most likely date for the vote.

Asked directly for an opinion as to whether members of the armed forces at home and overseas would be divided in the plebiscite, he told The Canadian Press:

"I am not permitted to speak officially but I assure you they will participate."

It was expected that Prime Minister Mackenzie King, addressing the House of Commons on Monday would reveal details of the government's plan to raise the money for the plebiscite, possibly setting the date.

Province Of Quebec Will Support King

OTTAWA, Jan. 23.—(CP)—Quebec province will support Prime Minister Mackenzie King in his new plebiscite on conscription, the Alberta Premier (Lib., Hall) said today.

Mr. Fournier spoke in the house in moving adoption of the address in reply to the Speech from the Throne which, read yesterday by the Governor-General, said the government would call on the people, by a plebiscite, a release from all obligations restricting the government in the methods of raising men for military service.

SUPPORTING POLICY
Mr. Fournier said the French-Canadian people were being asked to make the greatest sacrifice they could be called on to make for national unity in releasing the government from its pledges never to enact compulsory service for overseas.

"I don't know if those who have been denying and speaking against the French-Canadians could make the same sacrifice," he said.

"My stand in this house and in my country is that I am supporting the new policy of the government."

He believed the province would support it for two reasons, national unity and because when we be come friendly with a man we stick to him. "We have been supporting the Prime Minister for 20 years."

Chinese Guerrillas Make Daring Raid

NEW YORK, Jan. 23.—(AP)—The BBC relayed today a report that Chinese guerrillas had crossed the Yellow Sea and stormed Japanese naval headquarters.

Yoko Island, off the coast of Korea, CBS reported the BBC broadcast.

Spain Asks Poles To Close Embassy

LONDON, Jan. 23.—(CP)—The British Broadcasting Corporation said Thursday night it was learned in London the Spanish government had asked the Poles to close their embassy in Madrid. The BBC said the embassy was to be closed until the embassy was able to resume its work in an informal manner.

Batavia Calling Civilian War Aid

BATAVIA, Jan. 23.—(AP)—All civilians able to perform war work were forbidden today to leave Batavia, capital of the Netherlands East Indies.

The government decision, issued as the Japanese invasion passed gradually into the hands of the Japanese, provided penalties up to five years in prison and 10,000-guilder (about \$2,000) fines for civilians who disobey the order.

Given 2-Year Terms

FORT WILLIAM, Jan. 23.—(CP)—Two men were sentenced to two years in Stony Mountain penitentiary when they appeared in city police court here today on charges of failing to report for military duty.

Helsinki Bombed

HELSINKI, Jan. 23.—(AP)—Bombers attacked this Finnish capital twice this morning, dropping heavy anti-aircraft fire.

War Supplies For Philippines' Army

WASHINGTON, Jan. 23.—(CP)—Mechanized equipment destined for the Canadian forces at Hong Kong had started and was en route to the Philippines by agreement between the Canadian and United States governments.

It was stated here today by an official of the Canadian War Relocation Authority.

The equipment, he said, arrived in Manila Dec. 12, after the siege of Hong Kong had started and after the Japanese navy had taken the naval bases around the crown colony on the China coast.

Triple Menace

Critics here again emphasized the triple menace of Japan's new thrust in the Philippines the American forces now under the repulsed extremely heavy Japanese attacks.

Critical hours again were at hand in the battles of Manila and Burma.

W.—The war has been brought to territory within easy striking distance of Australia.

2.—Japan has forged a new link in her chain of bases stretching across and east for 2,000 miles from Tokyo to the Solomon Islands.

3.—The United Nations supply of oil is threatened.

Raid Cost 17 Planes

RANGOON, Burma, Jan. 23.—(CP)—British and United States fighter pilots broke up air raids by more than 60 Japanese planes on the Rangoon area today and

shot down about one-third of the attacking force.

The Allied planes were sailing into V-formations of enemy bombers—an action that brought the Japanese fighter escorts down from

their protecting cloudbanks into a dogfight in which the Japanese were believed to have lost at least 17 planes.

The bombers were forced to jettison their loads to escape.

Surprise Attack

LONDON, Jan. 23.—(CP)—Advancing behind the curtain of a blinding snowstorm, Red army units tonight were reported to have launched a surprise attack on German positions in the 40-mile sector between Novgorod and Moscow.

The surprise attack in a drive to flank the Leningrad besiegers.

Coupled with news of this fierce drive, which had developed the "most violent fighting of the new year," came front headlines stating that in the Ukraine Marshal Semen Timoshenko's force was continuing to advance against a 100-mile front between Kursk and Kharkov.

One military observer declared this push already might have won the Red army in course of the day.

MOSCOW, Jan. 23.—(AP)—The Russians announced tonight the recapture of Kharkov, 100 miles from the Leningrad front, and about 200 miles west and slightly north of Moscow.

They were nearly encircled for a fortnight.

Significant News

"The Russian statement that 44 German divisions have been occupied in this area should be the forerunner of big news," he added.

The report from the Novgorod sector said an unexpected rise in the temperature had brought on the storming snowstorm, and London observers pointed in confirmation to the Berlin radio's reference to a "critical situation" and "bad visibility" on the eastern front.

The Nazi broadcaster also spoke of continued Russian attacks on the German front and reported that several days ago had thrown from reserves into the northern battle line.

Trap in Making

Meanwhile a Soviet report from German dispatches said Germany was in the making at Vyazma, on the Moscow front.

C.C.F. Party But Want Government To Conscript Material War Resources For Conflict

General membership of the C.C.F. party at a meeting Thursday night in the I.O.O.F. hall, 103 street, unanimously endorsed a resolution expressing their willingness to vote "yes" on the proposed plebiscite to release Prime Minister W.L. Mackenzie King from his pledge not to conscript men for overseas service.

The meeting, at the same time, resolved that it was the duty of the government to submit as early as possible to the people a vote on the issue of conscription of all the material resources of Canada so as to ensure that our fighting forces shall be fully equipped when they go into battle.

The following is the full text of the resolution:

Whereas a plebiscite is to be held releasing the Prime Minister from his pledge not to conscript men for overseas service, and whereas it is equally essential to victory that Canada's industrial resources shall be mobilized for total war;

GOVERNMENT'S DUTY

Therefore this meeting of the C.C.F. contending largely of those who are for service and the party, express their willingness to vote "yes" on the plebiscite, but at the same time (realizing that it is the duty of the government to submit as early as possible to the people a vote on the issue of conscription of all the material resources of Canada so as to ensure that our fighting forces shall be fully equipped when they go into battle).

DELEGATES COMING

More than 200 delegates are expected to be in Edmonton Saturday to attend the annual convention of the C.C.F. Party which will be held in the I.O.O.F. hall, 103 street. The meeting will be one of one day's duration and the principal speaker will be Mr. Stueves, member from Edmonton.

One of the major questions to come before the convention will be the future of the association affiliated to the C.C.F. into one political party.

What do you think of the proposal for a common curriculum for the schools of the prairie provinces?

THE ANSWERS

FRED BOWERS, salesman: I believe it is a logical step. It makes it much easier for pupils to fit into new schools when their families move from one province to another.

...

BERT MILLAR, store manager: I think it is especially desirable for the prairie provinces. It might not be so desirable for all Canada, as education should be to some extent adapted to the industries of the country, but the prairie provinces have almost identical interests.

...

JOE MACRARY, accountant: It seems a logical step. As Alberta has made great progress in the revision of its educational program, this might be a guide for the other provinces.

Robt. Gardiner Is Re-Elected Head OF U.F.A.

For the twelfth successive year Robert Gardiner, Calgary, was re-elected president of the United Farmers of Alberta at the Thursday afternoon session of the organization's four-day convention.

In defeating Roy McLeod, Reno, who stated that the only reason he decided to allow his name to stand for election was in protest to the passing of a resolution which he considered "suicidal," Gardiner secured a landslide victory.

J. K. Sutherland, Hanna, was re-elected vice-president by acclamation after four other nominees asked that their names be withdrawn. The four other nominees were James Bentley, Edmonton; Ben Plummer, Bassano; J. Spencer, Edmonton; and Roy McLeod, Reno.

SELECT DIRECTORS

The undersigned brought out of the joint conference Thursday morning is that each farmer's organization elect its directors in the usual manner and that those two executives will be instructed by the respective delegations to complete the details of amalgamation.

Delegates from each of the Dominion Farmers' organizations arrived in sections later in the evening to select a member for the executive committee. The announcement of the complete list of directors will be made during the session Friday forenoon.

The recommendations as to name and number of directors for each body will come up for the approval of the delegates during the forenoon session Friday.

Two resolutions dealing with the amalgamation of the organizations during the afternoon session and the report on co-operatives was completed.

FUND POLICY

A resolution asking that the co-operative board of directors door fund policy be set up for working on a three-year basis was adopted.

Vegetable Men Plan Organizer Province Body

A new growing organization to be known as the Alberta Potato and Vegetable Association will be organized as a provincial body representing all potato and vegetable producers in the province. It was decided at a meeting of the Alberta Certified Seed Potato Growers' Association, held Thursday afternoon, in the Masonic temple.

To begin plans for the organization, the executive board of five directors was elected, with Thomas Donnelly, president of the Seed Potato Growers' Association, as president. These directors will meet weekly to plan the organization of the new body.

It was decided that the new potato and vegetable growers' body will affiliate with the Alberta Seed Potato Growers' Association.

Potato growers were urged by Dr. W. B. Stanford, provincial field crop commissioner, to form a trade organization which could be recognized by the government, representing all the potato farmers in the province.

The field crop commissioner addressed the annual meeting of the Alberta Certified Potato Growers' Association on Thursday morning. An address on virus diseases was given by Dr. J. B. Stanford, plant pathologist. Ring rot was the most important potato disease, he said.

New regulations were outlined by Dr. W. B. Stanford, provincial field crop commissioner. He stated that only certified seed may be used by seed potato growers, and that they must use foundation stock.

J. E. Giesman, superintendent of the province, in the field crop branch, said that a provincial seed potato scheme had been initiated, compared with 72 in 1940, but fewer potatoes were produced.

Dr. W. B. Stanford, provincial field crop commissioner, at the University of Alberta, the growers advised on foundation stock. Chairman was W. W. Langham of Lacombe, president. T. A. Sinclair, secretary.

Edmonton Scotsmen To Honor Robbie Burns' Functions Planned

National Bard Saturday Night Joins Navy

Members of the Edmonton Scottish Gaelic Society will honor their national poet Robbie Burns in song and story at many functions to be held Saturday night to celebrate the anniversary of the birth of the famous Scottish poet.

Celebrations in honor of the national bard were to be fast supping the traditional Scottish national days of St. Andrew and Hogmanay.

Main function of the anniversary celebrations will be the annual Burns' dinner at the Macdonald hotel at which J. Boyd McBride, K.C., Edmonton barrister, will give the address and propose the toast to the "Immortal Memory."

Other speakers will include Robert Muir and S. H. McQuigg, K.C. Men women from the Isles will celebrate at a banquet and dance at the hotel at the same time.

A program of Scottish songs and dances will be arranged by the Gaelic Society. The supper will be served at the supper under the direction of Mr. W. Cairney and Mrs. A. Stewart.

Members of the Edmonton Scottish Gaelic Society will also take the form of a concert to the "Immortal Memory." Rev. D. C. Macdonald will be the soloist.

Warning Given
About Children
Playing Bingo
Warning was given by the city police to children who were playing bingo in the city. The children in most cases accompany their parents to the game.

One under 14 years is permitted by the law to take part in bingo or similar games, the officer pointed out, and the children are to be accompanied by a parent or guardian.

Never mind the fact that it had been drawn to the attention of the police that the children were playing bingo in the city. The children in most cases accompany their parents to the game.

City Tax Collections In 1941 Set New All-Time High Mark

Edmonton's tax collections, current and arrears, during 1941 set an all time record for the percentage of taxes collected according to figures released Friday by City Commissioner John Hodgson.

The total current and arrears paid in 1941 was \$4,146,641.

Current and arrears of taxes collected during 1941 was 112.5 of the levy, compared with 115.1 collected last year which was the previous all time high.

Collections of current taxes reached the record of 87.2 per cent of the levy, compared with 84.86 per cent in 1940 and 85.02 in 1939.

Total current and arrears of taxes paid amounted to \$4,146,641 in 1941, \$3,601,702 in 1940 and \$3,614,519 in 1939.

Commenting on the record tax collection this year Mr. Hodgson said it was extremely gratifying and demonstrates the soundness of the city's financial structure. The record, he added, was the more remarkable when consideration is given to the fact that the city's tax base increased through taxation to meet Canada's war effort.

Black Smoke Off
City Dump Blaze
Black, billowing clouds of smoke which darkened skies in the north-east section of the city at noon Friday had citizens speculating on the possibility that a large fire might be raging.

Investigation, however, revealed that the smoke clouds were rising from a rubbish fire on the old city dump located just to the northeast of the low level bridge on the bank of the river.
